

**African-American Family Network
Pilot Program
Coordinator Survey**

1. Describe your role in the pilot program.

I was a mentor in the program.

2. Do you think the pilot program was able to provide support for selected students?
Why or Why not?

Yes I think the pilot program was able to provide support through a specific tailored mentorship that allowed students to have an adult on campus who was specifically invested in their success.

3. What are the strengths of the program?

- Tailored specifically for each individual student's needs.
- Allows for more genuine connection w/ students.
- Provides real support

4. What are the needs of the program?

- More time
- Kinks need to be worked out

5. What are your suggestions for improving the program for next year?

Meet w/ students immediately. Have a regular schedule set.
Have one designated meeting place.

**African-American Family Network
Pilot Program
Coordinator Survey**

1. Describe your role in the pilot program.

I was a coordinator in the pilot program.

I met on a weekly basis with my assigned students; assigned tutors and afterschool activities; spoke with the students' teachers to find out the students' progress/grades.

2. Do you think the pilot program was able to provide support for selected students? Why or Why not?

Yes, students were provided with mentoring, tutoring and

3. What are the strengths of the program?

The strength of the program was the student-mentor relationships that developed.

4. What are the needs of the program?

The program needs more coordinators.

5. What are your suggestions for improving the program for next year?

The program participants should meet once a month and the coordinators meet with students twice a month.
