

AVID EMAILS

Hi AVIDites

Our meeting for today has been postponed (as per Andy's request). We have our certification meeting on Monday afternoon May 20th. I believe it will be here at ALC. If you all can make it, that would be great. We are meeting with other AVID programs from local Elementary (Gratts), Middle and High Schools, to being articulation again.

I would like to have a meeting at least a few weeks in advance of the certification meeting. How about May 10th?

Let me know if this works for all of you.

Peace,

Sandi

Hi Violeta

I hope all is going well with your AVID students and the looming deadline on Friday. I had a bunch of them in the lab this afternoon seeking personal statement help :) I wanted to remind you that once the students have submitted their applications you should make time to have them start their senior data for AVID. If you need help setting up the accounts let me know and I'll show you how to do it. Thanks.

Peace,

Sandi

Well,

It looks like we will have to push our Site Team meeting until the Friday after Thanksgiving break. I am now going on the Hamlet fieldtrip on November 16th. So can we calendar it for November 30th?

Peace,
Sandi

Hi AVID Site Team

We need to meet again before our Thanksgiving break as we have to turn in our self-study by Dec. 3. The question is: would you rather meet at lunch next Friday, November, 9th (grades due by 5pm) or the following Friday, November 16th (the last day before the break)? We also need to invite our student reps.

Let me know what you prefer.

Thanks,
Sandi
