Cause and Effect Diagram
[Product, Process, Event, Failure, or Problem]
Date:

Cause **Effect**

Resources **	Instructional Practices *	Teacher Experience	
Advisory Curriculum/Program across all grade levels needed	Students feel unmotivated and lack of desire to attend Advisory class.	Teachers feel overworked and want planning time.	
No Advisory Program/Curriculum	Teachers using Advisory class as free time or study hall.	Teachers need guidance on running an effective Advisory program.	
	Lack of communication/collaboration across grade levels.	Lack of resources.	
	↓	<u> </u>	Low attendance rate in Advisory class.
			Need to improve graduation.
Do not center on the development or the effect of an Advisory Program.	Minimal opportunities provided by the school to promote more parental involvement.		
Time not provided to Teacher's to work on devising a curriculum for Advisory.	Parent education workshop should be provided to inform parents on college requirements.		
Professional Developments	Parental Involvement
