Hi Everyone,

Thanks so much for all of your thoughts and participation as we tackled the difficult task of coming up with a fair, common grading policy for World Languages levels 1-3. I know all of us had to make some compromises, but I think we came up with a policy that reflects fairness and equity for all of our students. Hopefully we will have time soon to follow-up with what we want to include in each category.

As a re-cap here is what we decided, with an understanding that we can't exceed the max percentage for each category:

Tests/Quizzes: 45-50%**Final Exam:** 10-15% (with the understanding that these 2 categories- tests/quizzes and final exam can not exceed 60%)**HW:** 12-15%**Skits/Projects/Writing:** 13-15%**Classwork/Participation:** 10%

Have a great week,

Mark
