Answer each of the following items by checking the boxes below. Please be honest!

Statement	Strongly agree	Agree	Disagree	Strongly disagree
The "Get the Goof" warm-ups made me think about how I could EXPLAIN a math concept.	✓			
I talked with my group about mathematical concepts when we did the group activity.		✓		
The math topics we went over during these sample lessons were presented in an interesting way.		✓		
I either learned something from someone in my group, or I taught something to someone in my group during the sample lessons.	✓			

Something you LIKED about the lessons	A SUGGESTION you have to make the lessons better next time
I liked how my group & I could discuss our methods to solving the problem.	They should put more work.

Please write any additional comments/suggestions/questions below. Thank you so much for participating in this sample lesson!

It was fun to participate in this. Thank you!
